

POLYURETHANE MODULAR 300 & 305 SCREEN PANELS

Advanced Engineering Group offers a wide range of polyurethane modular screen panels in both metric (300mm square) and imperial (305mm square).

Made using specifically formulated polyurethane to give optimum performance and wear life with unique patented aperture design resulting in:

- Energy absorption
- Greater separation accuracy
- Noise reduction – 40% reduction compared to steel
- Square, slotted, round and customised apertures available on request
- Reduced downtime
