

RUBBER MODULAR SCREEN PANELS

Advanced Engineering Group offers a wide range of Trellstep and Stepflex rubber modular screen panels.

Our rubber panels take advantage of compounds and designs maximising the inherent properties of rubber in mining applications:

- Energy absorption
- Noise reduction – 60% reduction compared to steel
- Available in a wide range of apertures
- Unique patented aperture designs optimise throughput and minimise blinding
- Square, slotted, round and customised apertures available
- Long life and consistent product quality
- Customised hardness ranges available to optimise performance
